## PROFILE

As an Information Technology student, I'm seeking a part-time entry-level programming role to gain hands-on experience while completing my degree. I'm passionate about automation and mobile app development, and I'm excited to apply my skills in a dynamic organization.

## WORK EXPERIENCE

- Ramup Info tech | Intern** Present  
Backend Developer Intern | Thane
- Currently working as a Backend Intern using .NET (C#), contributing to the development of server-side logic and API integration for web applications.
  - Assisting with SQL Server tasks such as writing queries, inserting data, and supporting basic database operations.
  - Collaborating with the development team, participating in code reviews, and learning backend architecture and best practices in a real-time project environment.
